

NACE CENTRAL AREA CONFERENCE

August 31 - September 2, 2015 | St. Louis, Missouri, USA

Billions of dollars are spent each year on corrosion issues related to infrastructure, utilities, transportation, production, manufacturing and government facilities thereby impacting the economy.

To address this issue, NACE International and the NACE Greater St. Louis Section invites you to attend the **2015 Central Area Conference**. Featuring unique educational presentations, forums, and new technologies on the exhibit hall floor, this conference will be your opportunity to learn about local corrosion issues from experienced local experts.

CALL FOR PAPERS

NACE International is currently accepting submissions of abstracts on the following corrosion-related topics:

- Pipeline Protection – Cathodic Protection and Integrity Management
- Pipeline Safety and Regulatory Issues
- Coatings for Pipeline and Petrochemical Track
- Corrosion in Transportation Infrastructure Track: “Bridges, Barges and Railcars”

For more information and to register, go to
